## Jalopy Pilots Booked Onto Gunzel Trap

Professional fender-benders will descend on that man-made gunzel trap, the B course of Carrell Speedway, tomorrow night when Promoter Bill White throws a little bump and bounce party known as the Jalopy Derby.

Jalopy Derby is just a nice way to say motorized mayhem, the way it goes on that tricky Figure 8 track at the Vermont avenue racing plant.

Actually, the kibitzers may see

a few fenders smashed, but the drivers are pretty well protected in those buggies. White makes them put roll bars inside the jalopies, and the pilots all control their guided missiles while strapped snugly to the seat.

Qualifying heats begin at 6:30—the Helmet Dash will open the main card at 8:30.

The whole Southland pilot crew will be on hand to tool their machines around the

course in what should be one of the hottest runs of the season. Next Wednesday evening, the two-wheeled blitz-buggies will return to the track.

## Safeway Stores Pledge Fight Against Commies

"Safeway Stores is anxious to give all possible assistance to our country in its effort to halt the spread of Communism," declared Ligan A. Warren, president of the company, in his semi-annual report to stockholders released this week. "Probably the greatest contribution Safeway can make to this end will be to continue to maintain an efficient economic system of food distribution.

"Based upon our experience during World War II we are making all necessary plans to do the best possible job under whatever conditions may be created by the present national and international situation. Although we expect some developments which will complicate our operating problems, the existing supplies of merchandise appear to be adequate."

The semi-annual report reviewed the progress of the construction program which was announced in Warren's annual message to stockholders last winter.

"In addition to completing and opening 25 new retail stores for business during the first 24 weeks in 1950, your company has had 86 retail store locations under construction and 147 additional retail locations assigned for preparation of plans and awarding of contracts. We expect that substantially all of these retail locations can be completed and in operation by the end of the year," he reported.

Then start your account NOW!

**How does a Bank of America Life-Insured Savings Account work?** The plan provides **double protection**... you have not only a savings account in the safest of all places, the bank... but when you open your account you designate a beneficiary—wife, husband, child or anyone else—and, so long as you continue to make your payments on time, you have the extra security of life insurance protection. Set your savings goal—\$100, \$250, \$500, \$750, \$1000. Save toward your goal over a period of 50 months. The amounts are shown in the chart. You'll find a plan that fits your purse.

MONTHLY PAYMENT	SAVINGS GOAL
\$ 2	\$ 100
5	250
10	500
15	750
20	1000

**How much life insurance protection is provided?** The amount of life insurance protection you have at all times your account is in good standing is the difference between your accumulated monthly payments and the savings goal you have set.

**What happens if you die?** Your designated surviving beneficiary receives the full amount of your savings goal.

**What happens if you cannot complete the 50 payments?** If for any reason you cannot complete the payments, the amount you have paid in, plus accrued interest but less a nominal amount for the cost of the life insurance, is immediately available to you.

**How and when are payments made?** Payments may be made in person or by mail on or before the 5th, 15th, or 23rd of each month.

**What happens if payments are not made on time?** Your insurance protection continues for 30 days.

**Who pays the insurance premium?** Bank of America pays the entire cost of insurance protection, if you complete your account.

**What interest does your account earn?** Regular Bank of America savings interest.

**How much does the insurance cost?** If you complete your account, it costs you nothing. In case of death, it costs you nothing. If you do not complete your account, you pay only the cost of the insurance up to the time you allow your insurance to lapse. Insurance cost is 1/4 of 1% per annum on the average balance of the unpaid portion of your savings goal.

**Can funds be withdrawn before reaching the savings goal?** Yes. Purchaser may withdraw all or any part of the account at any time. Naturally, such action cancels the insurance protection, and its cost is charged to the account.

**Who can start a Life-Insured Savings Account?** Any man, woman or child in good health under the age of 46 years. [Except children under three months of age who cannot be insured.]

**Can husband and wife each have a Life-Insured Savings Account?** Yes. Every qualified member of the family can and should have an account.

**How do you open a Life-Insured Savings Account?** In person, or complete the application below and mail it with your first payment to any branch of Bank of America.
